FCC Mallroom

My Parents are in there 90th and cannot go to  
Church Regularly anymore so they call on the 24 hour Line  
We 12 Children Live in 4 Different States and Have a  
Conference Call with Them every 2 weeks on a Sunday eve.

DOCKET FILE COPY ORIGINAL

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

THANKS

To the I.C.C. concerning WC Docket number 18-155 regarding Updating the Intercarrier Compensation Regime including conference calling services. A Comment - - We do not want to be rude/nasty, but prior to controlled long distance phone bills, we did not do the conference calling. If the FCC enacts the above mentioned ruling, we no longer will be able to AFFORD conference calling! From a conservative lifestyle, this system has been our 'NEWS MEDIA', connecting us with friends, upbuilding messages, bringing death notices, church functions, singings, etc. It fills lonely moments for the elderly. We have appreciated excellent service for over 10 years! DO WE HAVE TO GIVE IT UP?! May God guide the decision! Thank You!

I listen to conference line information. After marriage I moved out of state and I enjoy connecting with home news since both my parents died. I do not promote internet connection or use the WWW, web. Please consider God's people as we connect with Him daily through prayer and pray for those He puts in office for the government. God Bless the decision.

I am very concerned that phone companies want to take away free conference calling here in the U.S.A. There are many sick, widows, widowers, wheelchair people etc. that are getting much comfort to be able to listen in or visit from conference calling. Also to be able to listen in on their home church services because are unable to go to church because of health issues. So many people can no longer afford to pay for this feature and it is my belief that phone companies are not running in the "red" because of conference calls. I plead very deeply and sincerely that FCC reconsider to ~~not~~ take away conference calling on free basis but have it continue as it is.  
Thanks Amos W. Oberholzer Owen, WI

The free conference line such as  
the a cappella singing, handicap  
line etc. are such a comfort to our  
elderly who can not get out!

Thank-You!

SEP 2 / 2018

FCC MAILROOM

DEAR SIR:

9/21/18

I wish to file a public comment on the WC Docket # 18-155.

We would be happy if the Free Conference call could continue as it is. We connect with non-profit organizations for church services (if the weather is too bad to go out). We also enjoy listening to families sing hymns. Sometimes people speak about traumatic events they have experienced. It is especially nice for older people or handicaps who are house-bound. So we'd plead that the Free Conference call could continue.

Thank-you!

Sincerely,  
Dorothy Zimmerman

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Signed,

Your Name: Mehrin Farmwald

Date: 9-26-18

*I Believe the WC Docket No. 18-155 will negatively affect many lonely people that find comfort in these free lines.*

Sep 26 18, 11:01p

I wish to have the Free Conference calling  
 so I can listen to singing calls without  
 paying

As a taxpayer, and a free conference calling agent  
 acting on WC Pocket No. 18-155...  
 risk of being unfairly affected by  
 businesses.

Sorry for poor  
 copy

I am urging you to refrain from  
 Americans use regularly.

Long-distance carriers will not be...  
 conference calling services are...  
 million.

\$80

However, if the FCC does decide to  
 American citizens are...  
 affected. We will no longer be able to...  
 forced to pay for conferencing service...  
 want to reach our non-profit org...  
 news calls, prayer groups, business...  
 startups, schools, and other...  
 Widows and other lonely individuals...

conference calling

Do not take away my free conference calling service  
 major long-distance carriers

pockets of

I ask the Federal Commission...  
 making in WC Pocket No. 18-155.

PH (889) 248 3284

Signed,

Your Name: Donald D. Martin

WC Docket 18-155 regarding: Updating  
the Intercarrier Compensation Regime

including conference calling services.

We use the conference line to listen to church  
services when someone is sick and we can't go  
to church as a family.

As a taxpayer, and a free conference calling client, I ask you to please reconsider  
acting on WC Docket No. 18-155. My free conference calling services are currently at  
risk of being completely eliminated and costing me, millions of others and our  
businesses.

I am urging you to refrain from eliminating services that I and millions of other  
Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free  
conference calling services are left alone. In fact, they stand to gain upwards of \$80  
million.

However, if the FCC does decide to remove these services, I and millions of other  
American citizens and American businesses will be immediately and negatively  
affected. We will no longer be able to use these services for free and will instead be  
forced to pay for conferencing services provided by the long-distance carriers if we  
want to reach our non-profit organizations, our families, our churches, singing calls,  
news calls, prayer groups, support groups, board meetings, committee meetings,  
startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free  
conference calling.

Do not take away my free conference calling services and further line the pockets of  
major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its  
rulemaking in WC Docket No. 18-155.
